Bid Award Process:

During the Open Season period, National will accept requests for this transportation service under National’s FT rate schedule. Participation in this Open Season is non-binding for bidders and National.

Requests for rate discounts or discounts of Transportation Fuel/LAUF will not be accepted. Shippers may request all or part of the available capacity and are allowed to revise their bids within the posting period. A Shipper’s bid shall be exclusive of all applicable surcharge(s) including ACA Commodity Surcharge. All acceptable requests will be ranked, and the best bid(s) determined based on the highest net present value (“NPV”) of the reservation charge revenues, per unit of capacity (Dth/day) requested. The NPV calculation will incorporate length of contract term and will utilize a monthly rate of 0.8% (9.6% annually) for discounting purposes.

In the event that multiple shippers submit requests that are equivalent in value and term, the available capacity shall be prorated to those shippers based on the quantities requested. If it is necessary to prorate the capacity among successful bidders, service agreements will be sent to each successful bidder reflecting such proration. These service agreements will provide for a range of quantities between the prorated quantities and the requested quantities. The contract quantity will be within this range and will be determined by the capacity subscribed by all successful bidders under executed service agreements.

Bid Process and Documents:

All requests must be submitted using a Service Request Form (“SRF”). Bidders may complete an SRF online, download the [PDF version](#) from the Forms section of our website, or obtain one by contacting our Marketing Department at (716) 857-7485. The completed form can be mailed or faxed to the address listed below or emailed to Marketing@NatFuel.com.

Credit Requirements:

Shippers will be required to demonstrate creditworthiness or provide a credit alternative acceptable to National.

Service Agreements:

Successful bidders will be required to execute and return service agreements within 3 business days after they are received.
