

Ohio residential natural gas service application

National Fuel®

Please complete this application if you are applying for new National Fuel residential natural gas service. In order to process your request, please complete all required fields (*) and mail a copy of your completed application and any necessary documentation to: **National Fuel ATTN: New Service Center, P.O. Box 209, Evansville, IN 47702-0209**. You may also submit your documents via fax at **888-287-2770** or email at **NewService@CenterPointEnergy.com**.

If you are constructing a new building, please include a site plan, if available, with your completed application.

Need help?

For assistance, call **800-990-1930** to speak with a National Fuel representative.

Important!

If converting an existing structure, please contact a National Fuel representative to **ensure natural gas service can be extended to your location**.

Before submitting your application, review the important information found on the last page. Please consult your **professional plumbing contractor** to ensure the information you include on this application is accurate and all required information (*) has been provided.

APPLICANT

1. Applicant

Please note: Service will be placed in the applicant's name. Service may be transferred to a new party after active service has been established.

Applicant name*		Point of contact name*	
Are you the property owner?*		Contact daytime phone*	Contact email address
If 'No', please have the property owner call to grant authorization. Yes No		()	
Billing address*	Billing city*	Billing state*	Billing zip code*

SERVICE

1. Location information

Service address*		City*	State*	Zip code*
			OH	
County*	Township	Nearest major cross street	Subdivision	Lot number

2. Service request details

NATURAL GAS SERVICE

1. Plumbing/HVAC contractor information

Contact name	Contact phone
	()

2. Natural gas meter location

Mark preferred National Fuel natural gas meter location*	
In the diagram at right, please mark one of the four boxes to specify the preferred location for your new National Fuel natural gas meter, and specify below the distance (in feet) to the nearest corner of the building.	
Distance of gas meter from nearest corner of building: _____ ft.	
Distance: Middle of street to requested gas meter location* _____ ft.	Additional comments about gas meter location

3. Natural gas pressure

National Fuel Standard Gas Delivery Pressure ("National Fuel Standard Pressure") is 1/4 psig (Pounds per square inch gauge) or 7" water column. Elevated pressure above National Fuel Standard Pressure will need to be approved. Most home appliances use National Fuel Standard Pressure. Please consult your plumber and/or appliance dealer to confirm pressure required to operate appliances.

Gas pressure* (select one)		
National Fuel Standard Pressure (1/4 psig, 7" W.C.)	2 psig	Other _____

4. Natural gas appliances

Please select the quantity of each appliance in the adjoining columns.

Gas appliance type*	1	2	3
Gas furnace (If adding gas furnace(s), complete "Gas furnace type" field at bottom of page)			
Gas space heater			
Gas water heater (storage)			
Gas water heater (tankless)			
Gas range			
Gas fireplace			
Gas generator			
Other (type):	Quantity:		
Other (type):	Quantity:		
Other (type):	Quantity:		

Gas furnace type (only complete if adding one or more natural gas furnaces)	
If adding one or more natural gas furnaces, please specify the quantity of each natural gas furnace type in the spaces provided below.	
_____ Dual fuel furnace _____ Gas furnace (electric ignition) _____ High efficiency gas furnace _____ Gas furnace _____ Standard gas furnace	
(in attic) _____ Gas furnace (in crawlspace) _____ Gas furnace (on roof)	

IMPORTANT INFORMATION

Please review the following information before submitting your application:

Formal design requirements

If formal design is required, the lead time for installing gas facilities may be longer. Formal design is required if one or more of the following conditions are met:

- Total connected load over 900 CFH (cubic feet per hour) at standard delivery pressure (1 CFH = 1,000 BTUs)
- Total connected load over 1390 CFH at 2 psig delivery pressure
- Multi metered exceeds 550 CFH
- Easement/permits required
- Any service off a high pressure line (farm taps)
- Natural gas main extension required
- Length of service over 1000 feet

If a formal design is required:

Our engineering department may contact you to discuss and/or schedule a site visit meeting to discuss the location of the meter(s), the service line route, the load sheet and easements. If an easement is required, you are responsible for providing the deed to the engineer that scheduled your site visit.

Installation site-ready checklist

- Site must be within 6" final grade
- Basement/foundation in and backfilled
- Clear 8' wide path
- Gas service install-meter location(s) meets code and is marked or stubbed
- Clearly mark/stake the location of all private underground utilities located on your property

Construction schedule estimated processing time is 4-6 weeks pending weather conditions, road restrictions, permitting requirements, property site ready and required permits have been obtained.

Meter sets and inspections

National Fuel may not install and/or connect meter(s) at time of service installation. Before we can connect you to National Fuel's natural gas and/or electric system, a house line inspection from your city or county may be required.

A credit check and deposit may also be required before meter(s) are connected.

If you are in an area that requires an inspection (see list below), you are responsible for contacting the county or city to set up the inspection. The inspector will contact National Fuel when the inspection is complete. If your area does not require a county inspection, contact National Fuel at 800-990-1930 to have a meter(s) installed once your plumber and/or electrician have completed their work.

The following Ohio counties and cities require an inspection:

- | | | | | |
|----------------------|------------------|-------------------|---------------------|-------------------|
| • Auglaize County | • Darke County | • Greene County | • Montgomery County | • Sidney |
| • Brookville | • Dayton | • Highland County | • Moraine | • Springboro |
| • Centerville | • Eaton | • Kettering | • Oakwood | • Trotwood |
| • Champaign County | • Englewood | • Logan County | • Pickaway County | • Vandalia |
| • Clark County | • Fairborn | • Madison County | • Preble County | • Warren County |
| • Clinton County | • Fayette County | • Miamisburg | • Ross County | • West Carrollton |
| • City of Wilmington | • Germantown | • Miami County | • Shelby County | |

If your requested service installation date or site ready date changes, please contact National Fuel at 800-990-1930.

Facilities

By submitting this form, you are indicating that you have read and agree to comply with the following statement:

Prior to service installation and/or performance of improvement request by National Fuel, **You, as the property owner, are responsible for locating and marking all existing private buried facilities including sprinkler systems and septic facilities ("Facilities") at the Service Address provided above.** By submitting this Application, You agree to indemnify, defend, hold harmless and release National Fuel and its respective shareholders, directors, officers, administrators, managers, employees, servants, agents successors and assigns from or against any injuries, including death, damages, fines, claims, lawsuits, penalties or expenses, including reasonable attorneys' fees, arising from Your failure to locate and mark all of your Facilities at the Service Address provided above. This indemnification obligation shall not apply to the extent liability is caused by the negligence or wrongdoing of National Fuel. Please note that National Fuel is responsible for having utility facilities located at your address prior to our installation of gas and electric facilities.

Checking order status

To check the status of your request you may contact us via email at NewService@CenterPointEnergy.com or by phone at 800-990-1930.

Programs and services are operated under the brand National Fuel Gas Distribution of Ohio, LLC d/b/a National Fuel.
