

LIHEAP is now open.

Get up to $1,000 to help pay your heating bills.

The Low-Income Home Energy Assistance Program (LIHEAP) can help eligible PA residents pay their heating bills with a one-time grant of up to $1,000. Funds are paid directly to your utility to help reduce your heating costs.

Renters and homeowners may qualify. You do not need to have unpaid heating bills to apply.

Apply early. Funding is limited and available on a first-come, first-served basis.

New LIHEAP Data Sharing Option: When you apply, check the data sharing box if you want LIHEAP to share your information with your utility company. This may help your utility identify other assistance programs you qualify for and make enrollment faster and easier.

To easily apply or see if you qualify, visit **LIHEAPhelps.com**.

Scan the QR code for more information on payment assistance programs.
