
DISCLAIMER

THIS SYSTEM MAP IS BEING PROVIDED FOR THE PURPOSE OF INFORMING EMERGENCY MANAGEMENT AGENCIES ABOUT THE GENERAL LOCATION OF **MAJOR** NATURAL GAS PIPELINES AND FACILITIES OWNED BY NATIONAL FUEL AS OF THE DATE SHOWN BELOW. THIS MAP IS INTENDED FOR GENERAL REFERENCE PURPOSES ONLY. YOUR USE OF AND/OR REFERENCE TO THIS MAP IS AT YOUR SOLE RISK AND RESPONSIBILITY. FACILITIES ARE SUBJECT TO MODIFICATION, EXTENSION, RELOCATION OR ABANDONMENT BY NATIONAL FUEL. PRIOR TO ANY EXCAVATION ACTIVITIES AN EXCAVATOR MUST CONTACT 811 FOR UNDERGROUND FACILITY LOCATION INFORMATION. IN THE EVENT OF A PIPELINE EMERGENCY INVOLVING NATIONAL FUEL FACILITIES, CONTACT OUR 24-HOUR EMERGENCY TELEPHONE NUMBER 1-800-444-3130.

PROTECTED MATERIALS

THIS MAP CONTAINS CRITICAL ENERGY INFRASTRUCTURE INFORMATION. ANY UNAUTHORIZED USE OR DISTRIBUTION OF THIS MAP OTHER THAN FOR ITS INTENDED PURPOSE IS STRICTLY PROHIBITED.

PA Oil and Gas Map View data is for reference purposes only. It should never be used as a substitute for contacting a one-call center prior to excavation activities. Please call 811 before any digging occurs.

811 Know what's below. Call before you dig.

Most hazardous liquid and gas pipelines are buried underground. To ensure your safety and avoid damaging underground lines, you must call your state one-call center before digging. Call Before you Dig!

In the Event of a PIPELINE EMERGENCY Involving National Fuel Facilities, Contact our 24-Hour Emergency Telephone Number (800) 444-3130

www.npms.phmsa.dot.gov

The NPMS Public Map Viewer enables the user to view National Pipeline Mapping System (NPMS) data one county at a time. NPMS data consists of gas transmission pipelines and hazardous liquid trunklines. It does not contain gathering or distribution pipelines, such as lines which deliver gas to a customer's home. Therefore, not all pipelines in an area will be visible in the Public Map Viewer. **NPMS data is for reference purposes only. It should never be used as a substitute for contacting a one-call center prior to excavation activities. Please call 811 before any digging occurs.**
